TO WHOM IT MAY CONCERN

We are writing to confirm that we employed Thrive Landscapes in the spring of 2004 to landscape our garden following extensive building work to our home.

The service that was provided (from professional advice, design and quality of workmanship) was first class. Steve and his team were hardworking, courteous and reliable and took pride in their work. Steve also found innovative solutions to unforeseen challenges, achieving a better result than originally planned! Even poor access to the site did not deter the team (as experienced with other unwilling gardeners).

We are delighted with our new terrace and have no hesitation in recommending Thrive Landscapes to you. In our opinion they offer high quality workmanship at affordable prices.

I trust this information is of use.
