Hants

28 March 2007

Dear Steve

Thank you for your letter and I enclose the balance of £1000. The shed is arriving on 12th April, so any time after that to finish the balustrade will be fine.

I would just like to say a big Thank you to both yourself and Andy for all the hardwork, Thought and consideration you displayed throughout your five weeks here. I am so thrilled with the outcome, it surpasses anything I expected, the whole thing looks outstanding and it complements the house and size of garden so exactly. My circular patio I love, and I am very happy I am being able to hang my washing out in such a superb area!

Thrive Landscapes I would recommend to anybody, it is a truly professional organisation in every aspect, from an initial meeting and the detailed quote and sketch of our joint thoughts, through to the hard work and dedication to every detail, quality of the finished product, and your respect and care shown towards my property.

I am more than happy for you to pop back anytime, or if you have any potential clients who wish to see your work in the 'flesh', for you to bring them around.

Thank you also for the information with regard to the lawn and plants, it is greatly appreciated.

I wish you every success for the future, may see you at Chelsea one of these years.

Kind regards

Cathy Pichering,
